BOY SCOUTS TROOP GIVES EXHIBITION

Various Drills Executed in Creditable Manner Before Big Crowd of Invited Guests.

ADDRESS BY SCOUT MASTER

Mayor Ross Presents Badges to Members of Tenderfoot Order—Boys Well Disciplined.

A-M-E-R-I-C-A.
Boy Scouts! Boy Scouts! U. S. A.
Seymour!

With this yell from twenty-eight lusty throats, the Seymour troop of the Boy Scouts of America completed their public exhibition Thursday night at the Shields high school gymnasium. The boys were courteous hosts to a large number of their relatives and friends who packed the gymnasium, and by the splendid exhibition they proved that they are making a running start in learning the intricate work of the scout organization.

Scout master, the Rev. J. H. More opened the evening's program with an address of welcome, in which he told briefly of the origin and growth of the scout movement which began in England in 1907. In 1910 the first troop was organized in America, in New York City, and through a marvelous growth the ranks of the scouts in this country now include 200,000 enrolled members. The Rev. Mr. More distinguished between the military nature of the organization in England, and the strictly non-military nature of the American organization, which places the main emphasis upon mental and moral discipline and physical training.

"It teaches a boy how to live in a community; that is primarily its object," the Rev. Mr. More said in part. "The boy scout organization capitalizes the gang spirit. It does not aim to supplant the home, the church or the school, but rather to supplement these agents of character building." Recreational education, then, summarizes the purpose of the scour work. The members of the local troop, the scout master stated, are in the elementary stages of the progressive program provided by the laws of the organization, and cannot yet be properly called scouts.

Responding to the signal of the master to advance, the troop marched in, and went through a series of military drills in very creditable manner. The tenderfoot examination was then conducted by the assistant scout master, Harry McDonald, who put the troop through a series of rigid tests. In order to receive the tenderfoot badges they were required to know the scout laws, signs, oath and salute, and the history of the American flag, and must be able to tie four knots. The examination was altogether satisfactory, and accordingly the boys were presented by Mayor John A. Ross with their tenderfoot badges.

In presenting the badges, Mayor Ross expressed in behalf of the audience an appreciation of the work of the Rev. Mr. More, and congratulated the boys upon their entrance into an order, which, he stated, "was recognized throughout the country as a builder of efficient and self reliant boys." In conclusion he reminded them of the principles which the badge inculcates, and expressed a sincere hope that they would ever be mindful of their responsibility. Mr. McDonald then presented the certificates of the tenderfoot order.

The last formal exercise was the

VETERAN RAILROAD EMPLOYE PASSES AWAY IN ST. LOUIS

M. H. Sexton, 62, Well Known in this City, Dies Thursday Following an Operation.

Word was received here this morning of the death of M. H. Sexton, a veteran employe of the Baltimore & Ohio Southwestern Railroad, which occurred Thursday morning at the St. Johns Hospital at St. Louis, where he underwent an operation. He was sixty-two years of age and was born and reared in this city. He was widely known among the employes of the company for which he worked for many years.

"Mike" or "Dinky" as Mr. Sexton was familiarly known among his many friends, entered the service of the old O. & M. company, now the Baltimore & Ohio, as water boy at the age of eleven years. By faithful service he was promoted from time to time until he reached the position of passenger conductor which place he held until four years ago. In all he spent forty-two years in the employ of the company.

Mr. Sexton was united in marriage to Miss Katherine Breene about thirty-two years ago. To them two children were born. The daughter died in infancy. He is survived by his widow and a son, Harry, who with many friends and relatives mourn their loss.

The remains will be brought to this city on B. & O. train No. 12 due here at 4:56, Saturday morning, and mass will be held at the Catholic church at 9 o'clock, conducted by the Rev. Father C. J. Conrad. Burial at the Catholic cemetery.

The O. R. C., of which Mr. Sexton was a member, are requested to attend the funeral services.

Mr. Sexton recently visited Mr. and Mrs. J. F. Shiel in this city, returning to his home in St. Louis on Saturday, December 2. He had been ill before coming here and soon after his arrival suffered a relapse and was confined to the house most of the time he was in the city.

FIVE ACRE CONTESTS IN BARTHOLOMEW COUNTY

Farmers Well Known Here Make Good Showing in Division in Western Part of County.

William Speaker and Albert Newkirk, who live in Bartholomew county, just north of the Jackson county boundary line, entered in the five acre corn growing contest in which pries were awarded Thursday in connection with the annual Bartholomew county corn show. Mr. Speaker had an average yield of 62. bushels. The cost of production per acre was $19.15 and the cost per bushel was thirty cents.

Mr. Newkirk had a yield of 44.3 bushels per acre or the cost of $15.31 per acre, making the cost per bushel thirty-four cents.

Aldenhagen and Vonstrohe, who also lives in the same neighborhood, reported a yield of 53.3 bushels per acre. The cost of production was $18.31 per acre and per bushel thirty-four cents. There were many entries in the contest. The winners will compare their results with the farmers in Jackson county and the losers are to give a supper for the winners.

WHEAT $1.50.

Grain on Local Market Selling at Ten Cents Lower.

The local grain market took another slump this afternoon and wheat which was quoted at $1.60 Thursday, fell to $1.50. This is twenty cents less than was quoted Tuesday morning before the effect of Germany's peace proffer was felt. The lower price here is due to heavy selling in Chicago.

MERCURY DROPS TO 5 DEGREES BELOW

King Winter Swoops Down With Old Time Vigor, Bringing Lowest Temperature of Winter.

I. C. & S. TROLLEY WIRE SNAPS

Repairs are Made Early With Little Interruption of Service—Trains on Steam Roads Delayed.

King Winter demonstrated his "come back" qualities early today by swooping down with old time vigor and bringing with him a temperature of five degrees below zero, the lowest of the present winter. The previous low temperature was seven degrees above zero and was registered Thursday morning. The cold wave followed a day's snow storm and on Thursday night the northwest wind shifted to the north. Every gale during the night whipped the mercury in the government thermometer a little lower until the minimum was reached about two hours before day break.

Although the snow storm continued throughout Thursday afternoon and until after midnight the total snow fall was only about three inches. The snow was very fine which indicated to many that a low-

DEMAND MADE FOR PAYMENT OF $198

Alleged Claim Against C. H. Ahlbrand, City Councilman, Certified to Prosecutor.

FOR MATERIAL SOLD TO CITY

Proceeding Started on Law which Prohibits City Officials from Selling to City.

By United Press.

Indianapolis, December 15.—Attorney-General Evan B. Stotsenburg today authorized the prosecuting attorney of Jackson county to bring suit against C. H. Ahlbrand, a city councilman, to collect the sum of $198.55. The demand is made on the ground that the firm with which Ahlbrand is connected, sold materials to the city. The report to the attorney-general was made by the state board of accounts.

The case, it is said, is largely technical as there is no question but that the city received the goods for which the money was expended. The claim which the Indianapolis dispatch says is certified to the county prosecutor, is based on the Indiana law which provides that no official of a city or any member of the city council shall be interested directly or indirectly in any sale made to the city.

Mr. Ahlbrand, who represents the Fourth Ward in the city council, is a member of the firm of the Union Hardware Company. The materials alleged to have been purchased by the city were sold by the Union Hardware Company and not by Mr. Ahlbrand as an individual. It is said that some of the materials and supplies included in the claim could not have been purchased from any other store in the city. It is stated that some of the bills were for repairs and parts of a certain make of machinery owned by the city which was purchased from the Union Hardware Company before Mr. Ahlbrand was a member of the council and for which the company is the exclusive agent in this territory. It is said that it was necessary to purchase such parts of machinery at that store or send away to the fac-

HIGH SCHOOL TO PLAY AT BLOOMINGTON TONIGHT

Basket Ball Team to be Up Against Hardest Proposition on Season's Schedule.

The high school basket ball team, in charge of Coach Hendershot, left this afternoon for Bloomington, where tonight they will line up against the strong high school team of the college town. The game is recognized as one of the hardest on the local team's schedule, but the boys believe they have an even chance to win. Bloomington has a light but very fast team and has been putting up a great article of basket ball this season. If the locals succeed in downing them, it will demonstrate their right to be considered among the best teams in the state, as Bloomington is understood to have championship aspirations.

Much interest is being manifested among bowlers of the city in the match game to be rolled this evening at the Seymour bowling alleys between a picked team and the German Lutheran Club team. Three games will be rolled, total number of pins to determine the winner. Some of the best bowlers in the city are in the line up of the two teams, and the contest should be well worth seeing.

SPECULATORS TURN LOOSE BIG HOLDINGS OF GRAIN

With Lively Selling Price of Wheat is Forced Down—Nanicky Scene in Stock Market.

By United Press.

Chicago, December 15.—Grain took a big tumble today when news that Germany is willing to consider proposals for the limitation of armament frightened speculators into turning loose heavy holdings. Wheat fell heavily, losing eleven cents during the riotous trading in the pit. The pit has not seen such bedlam in months that broke loose at the opening of the exchange today.

New York, December 15.—The fourth day of panicky dumping of stocks on the stock exchange which started Tuesday morning with the announcement of Germany's peace proposals, saw new levels established this afternoon. U. S. Steel showed a loss of $20 a share from the high records recently established.

IMPORTANT RAILROAD TOWN IS CAPTURED BY GERMANS

Buzeu Taken in Continuance of Roumanian Campaign—Troops to Make Stand.

By United Press.

London, December 15—The Germans have captured Buzeu in the continuance of their Roumanian campaign, it was announced today. Petrograd admitted the retirement of the Russo-Roumanian armies in the face of the German drive. Buzeu is a city of nearly 25,000 and an important railroad center. Official statement from Petrograd have recently indicated that it was the plan to retreat to the Buzeu River and there make a stand. The river runs just to the north of the town of that name and the Germans have reached the battle front chosen by the Russians and Roumanians.

WALSH TO URGE U. S. TO TAKE OVER RAILROADS

Believes This is Feasible Plan Unless Terms of Adamson Law Are Fully Met.

By United Press.

Evansville, Ind., December 15—Frank P. Walsh will ask this session of congress to take over the railroads for government management if the transportation lines do not agree to the terms of the Adamson eight hour law, he told the Central States Railroad and Water Transportation Convention in session here, today.

"I feel safe in saying that the United States has power to do this, especially in view of conditions on the Mexican border."

CABINET TAKES UP SUBJECT OF PEACE

Decision Will be Reached as to What Part America Can Take in the Negotiations.

ATTITUDE OF THE ALLIES

Petrograd Dispatch Indicates Entente Powers Will not Discuss Settlement Now.

By United Press.

Washington, December 15—The whole subject of peace and the part America can take, if any, will undoubtedly be thrashed out at this afternoon's cabinet session.

Confidential information from the American Berlin embassy will be presented with other data giving the versions of foreign attitude towards the peace movement.

Germany's official hints here point to a willingness towards a partial disarmament and likewise to a willingness for the introduction of a plan for a world peace.

Petrograd semi-official statement that Germany is deluding her own people in an effort to cast the responsibility for the continuance of the war on other nations is regarded as the general allied viewpoint on the matter.

For nearly two hours today President Wilson and Secretary of State Lansing considered the question of supplementing the forwarding of the Germany peace proposals to allied capitals with some suggestions from this government. At the conclusion of the conference neither the president nor Secretary Lansing would say upon what, if any, decision was reached.

GREECE HAS ACCEPTED ULTIMATUM OF ALLIES

Terms Demand Surrender of Arms and Guarantee of Greece's Neutrality.

By United Press

London, December 15—Greece has accepted the allies' ultimatum, according to dispatches received from Athens today. Following a meeting of the cabinet it was indicated that the allies' terms would be met.

The terms of the allies' ultimatum have never been made known. The original demands made on Greece were for the surrender of her arms, control of the telegraph and postal system to allied officials and a guarantee of Greece's neutrality.

GERMANY NOW VICTORIOUS KAISER TELLS HIS TROOPS

For That Reason Proposal to Mediate were Made, He Says in Address in Alsace.

By United Press

Berlin, December 15.—Germany expressed a willingness to enter peace negotiations because she is now fully victorious, Kaiser Wilhelm told German troops in Alsace, in an address.

"We proposed to mediate to the enemy," the kaiser said. "The outcome is unknown but if the war continues the blame lies with the enemy."

Safe Conduct Granted.

By United Press.

London, December 15—According to the request of the United States, the allies have agreed to grant County Tarnaski, the newly appointed Austro-Hungarian ambassador to Washington safe conduct to America.

Tarnaski was appointed ambassador to succeed County Dumbo who was recalled.

COX-KOCHENOUR

A home wedding beautiful in its simplicity took place Thursday evening at 8 o'clock, when Miss Katherine Cox, was united in marriage to Judge D. A. Kochenour, a prominent Brownstown attorney, at the home of her mother, Mrs. John A. Cox, in Crothersville. Rev. L. V. Rule, chaplain of Jeffersonville Reformatory and formerly pastor of the Brownstown Presbyterian church, read the service ,the ring ceremony being used. Only the members of the immediate family were present.

The home was lovely with quantities of white roses. pink and lavender sweet peas and roped smilax used throughout the rooms. The bride was married in her traveling suit of midnight blue broadcloth, trimmed with bands of seal, and wore a blue velvet toque. Her blouse was of satin, with beaded trimming. She was attended only by her four-year old niece, Mary Warner Cox, as flower girl, and her nephew, Frank Bard, as ring bearer. The little flower girl wore a dainty pink and white frock, and carried the shower bouquet of bride's roses and sweet peas. The ring bearer was dressed in white.

Following the ceremony, a dinner and reception were held at the home of the bride's sister, Mrs. Charles Bard. The home was beautifully decorated with palms and potted flowering plants, and in the dining room a color scheme of green and white was carried out with garlands of smilax and an immense centerpiece of bride's roses. As hostess at the reception, Mrs. Bard was charming in a gown of soft blue satin. Two nephews of the bride, Charles Alfred Bard and Frank Bruce Bard, were attractive litle assistants in serving the dinner. The guests at the ceremony and the reception included Mr. and Mrs. Frank Cox and daughter, Jewel, of this city; Mr. and Mrs. J. A. Cox and daughter, Mary, and Mr. and Mrs. Charles Bard and sons, Charles and Frank, of Crothersville.

The marriage which came as a complete surprise to the friends of both Judge and Mrs. Kochenour, is of particular interest because of the prominence of both the bride and the groom throughout the county, and the distinction which both have achieved in helping carry on the work of the world. Mrs. Kochenour is well known as an educator, having been an instructor in Indian Mission schools in Kansas and Oklahoma, and having held for three years the position of Dean of Oxford College for Women at Oxford, O. For the past five years she has been principal of the Girls' Industrial School at Indianapolis.

Judge Kochenour is one of the most prominent members of the Jackson County Bar Association, and is well known in judicial circles throughout the state. Before coming to Brownstown, he held a position as professor in the law school of Indiana University.

Late in the evening Judge and Mrs. Kochenour left for a trip through the south. Upon their return they will be at home to their friends in Brownstown.

INVITATIONS TO WEDDING

Invitations have been received in this city to the marriage of Miss Mary Louise Mason, the daughter of Mr. and Mrs. Alexander O. Mason, of Highland ark, Ill., and William F. Peter, Jr., of this city, which will take place on Monday afternoon. January 1, 1917 at 5 o'clock, at the First Presbyterian church in Highland Park. Mr. Peter is the son of Mr. and Ms. William F. Peter, Sr., of this city. They will be at home on Wednesdays after March 7 at 946 Margate Terrace, Chicago.

BOY SCOUTS TROUP GIVES EXHIBITION

(Continued from first page)

reading of pages from the "good turn" memorandum books, the scout laws calling for the exercise of a "good turn daily" by each member of the organization. Although the boys were not expecting to be called upon for this report, in every case they responded with a fine list of helpful deeds, showing that they bear their responsibilities constantly in mind.

A demonstration of actual work and then games by way of relaxation completed the exhibition. The work included first aid to the injured exercises. The first was the care of a broken leg, which was demonstrated with great efficiency by two bandage teams working at the same time upon two "victims." The head bandage was demonstrated, and the "fireman's lift" was executed by the older boys who used the smaller members of the ranks as their subjects, to prove the ease with which they should be able to rescue persons from burning buildings.

"Badger fights" and "horse and rider fights" were the games, which provided amusement for both the participants and the spectators. At the sound of the whistle, however, the boys were immediately sobered and formed in ranks for the final drill and exit. Gales of applause from the spectators throughout the performance were a final testimony to the success of the exhibition.

At the completion of the formal exercises, the members of the troop served the audience with refreshments, which they had prepared with the assistance of a committee of the mothers of which Mrs. J. H. Andrews was the chairman. In this as in all their acts, the boy scouts carried out fine laws of courtesy which their organization enjoins. A noticeable feature of the entire evening's perfomance was the accuracy in details and ready response to orders on the part of the members of this organization which places first emphasis upon discipline and character building.

The members of Troop No. 1 of the Seymour Boy Scout organization are divided into three patrols, the Eagles, the Beavers, and the Wolves. The Eagles, or First Patrol, include the following members:

Maurice Mackey, Ernest Booch, Shirley Faulkconer, Francis Geile, Robert Graessle, Forrest Kysar, Robert Mann, Chas Maple, Francis Neihaus, Lloyd Schafer.

In the Second Patrol, the Beavers are the following boys:

Lee Miller, Weldon Davis, Ceicl Jones, Wm. Mains, Earl Parker, Howard Shultz, Eugene Smith, Glen Sutton.

The Wolf, or Third Patrol, containing the youngest boys, has the following membership:

Joe Andrews, Jr., Tipton Blish, Jr., Robert Barbour, Owen Carter, Calvin Dobbins, Jr., Hardin Hancock, Arthur Kaufman, Donald Miller, Robert McCord, Louis Schafer.

W. P. Masters went to Indianapolis this morning on business.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

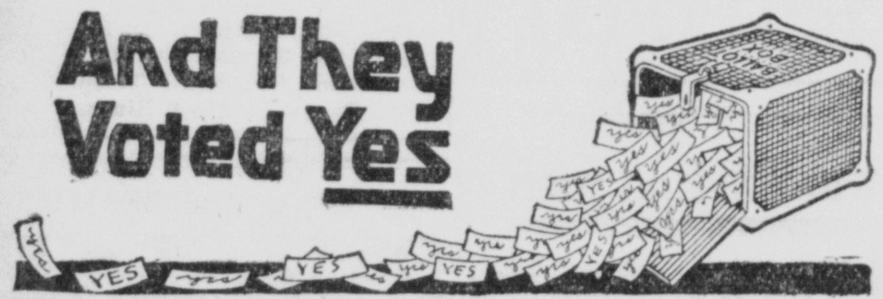
We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes



With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO -- 25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sentanel Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

MERCURY DROPS TO 5 DEGREES BELOW

(Continued from first page)

er temperature would soon come. The city snow plow was not at work this morning and many residents got a touch of the crisp, winter air when they cleared the sidewalks about their premises.

A trolley wire on the Indianapolis, Columbus & Southern Traction line broke just north of Seymour during the night and service was interrupted until about 7 o'clock when the break was repaired. The broken wire was discovered when the current was switched on before the time for the early mail car to leave the local station. It was impossible for the car to make the trip and it was annuled. The morning local cars left at the usual time. There was no interruption of service on the Indianapolis & Louisville traction line and both the local and limited cars made their regular trips.

There was some delay on the steam roads. Eastbound train No. 4 on the Baltimore & Ohio Southwestern Railroad was more than two hours late and did not arrive here until after 11 o'clock a. m. The delay was due to difficulty in making the schedule on the Illinois division because of the cold and wind.

The usual number of extra calls for coal were received during the day by the local dealers. The charity organization received calls from families who were out of funds and who said that they had no fuel and were in distress. As many of these calls as possible were answered. Many small sales of coals were made.

CHILEAN MAGAZINE GIVES ACCOUNT OF RECEPTION

Pictures of Ambassador Joseph H. Shea Appears in "Zig Zag," Santiago Publication.

W. P. Rooney today received a copy of the "Zig Zag," a Chilean publication, which printed several pictures of Ambassador Joseph H. Shea, of this city, in connection with accounts of the reception that was recently given in his honor in Santiago. One picture shows a group of diplomats and officials of the Chilean government with Ambassador Shea occupying the place of honor in the center of the group. Another photograph shows the American diplomat with several ministers from other countries at a railroad station preparing to leave the city. Friends of Ambassador Shea who have seen the pictures declare that he has the most distinguished appearance of any in the group.

Nazarene Church

Great prayer meeting last night. The congregation was exceedingly good for such a stormy night.

The revival spirit is still in our midst. Conviction is upon the unsaved, there were some ten or twelve requests for prayer last night.

Our people are believing for salvation time every week.

There will be three services Sunday: morning, afternoon and at night. The public is invited. Strangers welcome. Come with us. We will do thee good.

DODGE BROTHERS
MOTOR CAR

To Christmas Shoppers;

Along about this time of the year the Christmas gift suggestions begin piling up on the average man from all the corners of the earth. It's a trying season, this period that precedes the joy of yuletide. And the most bothersome part about it is the fact that a big lot of these suggestions really need your consideration; otherwise, when the moment for buying arrives, you—well, you'll be just like the average man—no idea what to get!

What do you say to a new scheme this year—a little plan for the elimination of nearly all the ''Christmas considerations'' but one.

A new Dodge Brothers Motor Car!

How would that suit the family? How would that measure up with your own inclination—and your own necessity?

Yours very truly,

PAULEY & SON, Agent

THOUSANDS SHARE IN WAGE INCREASE

Advanced Scale of Ten Per Cent. of United Steel Corporation Effective Today.

250,000 WORKERS BENEFITED

Other Big Concerns Also Announce Higher Wage Schedules for Their Employes.

By United Press.

New York, December 15—What is perhaps the biggest wage increase in the history of the United States became effective today when the pay of 250,000 workers of the United States Steel Corporation is increased ten per cent. the gross annual increase approximately $20,000,000. The increase was made by the company due to its enormous prosperity—its net earnings are now estimated at $1,000,000 a day.

The increase is but one of many recently made by large employing concerns throughout the country. Among them are:

Ten per cent. increase to the 35,000 employees of the American Woolen Company, Boston.

Ten per cent. increase to the 33,000 employes of the Cotton Manufacturers Association of New Bedford.

Thirty-five to forty per cent. increase to the 32,000 persons employed by the American Clothing Manufacturers Association, New York, (Effective December 18.)

Ten per cent. increase to the 3,000 employes of the National India Rubber Company, Bristol, R. I.

Ten per cent. increase to the 3,000 men employed by independent steel mills at and near Sharon, Pa.

Increase of not less than 25 cents a day to 10,000 employes of the Bayonne, Eliazbeth and Claremont refineries of the Standard Oil Company (Action taken after a strike for higher wages at Bayonne in which several persons were shot to death.)

The City of New York contemplates a wage increase of $1,147,180 to 18,488 municipal employees. This had not been determined finally.

In each case, in announcing the increases, the concern said they were made to enable their employees to meet the advancing cost of living. E. H. Gary, chairman of the Steel corporation said:

"Ordinarily the question of wages would not come up for consideration or decision at this time of the year, but in consequence of the abnormal conditions now existing it has been decided to increase the wage rates of our iron and steel companies about ten per cent, effective December 15. As to the other departments, increases will be equitably proportioned."

The increase is the third the company has made during the year. Its payroll for 1915 was $175,800,864. the 1916 total will be above $200,000,000 and if high wages continue the 1917 roll will approach $250,000,000.

The Eastman Kodak company of Rochester, N. Y., the Glove Manufacturers Association of Gloversville, N. Y., and the Arlington Mills of Lawrence, Mass. are other concerns which have made substantial wage increases.

That lesser concerns have taken similar action is indicated by Chicago figures, where, according to John W. O'Leary, president of the Chicago Association of Commerce, twenty-five concerns have made $10,000,000 increases to 100,000 employees during the year.

CHARITY ASSOCIATION GETS MANY CALLS FOR PROVISIONS

(Continued from first page)

help. The largest number of requests for fuel that have been filed on any one day came today. Some of the cases are pitiful.

One appeal came from a mother who is trying to support three small children. The father is an habitual drunkard and the mother has been ill part of the winter so that the savings from her meager earnings are about exhausted. The Charity Association does not want these three little children to suffer because of the habit of alcoholism which has such a firm grip on the father who ought to be able to care for his family. In cases of this character the assistance is given so that it will directly benefit the mother and children. Money is withheld, of course, for there would be a likelihood that it would be converted by the father into drink. The Charity Association recognizes that the father ought to provide for his family, but since he is a failure in this respect the workers do not want to see the innocent children and their helpless mother suffer for want of coal and sufficient food.

The Association is doing a splendid work in a very systematic manner. No provisions are provided for any family until a thorough investigation has been made and on account of the limited funds only those who are in the worst plight can be assisted. Especial attention is given at the holiday season to the children in such homes for the Association has been assured that the public wants these little folks to know the happiness of a Christmas Day.
